Win a super cool Tomy® Master PC 3000 laptop computer!

5 WIN

Win a trip to a dude ranch for a family of four! We'll draw the name of one of our daily winners for the grand prize trip!

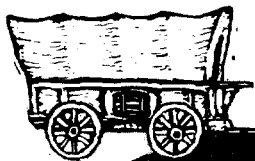

Howdy Partner...Welcome To The

Wild West

The famous Indian Chief, Crazy Horse, was so determined to preserve his people's traditional way of living that he refused to allow anyone to photograph him.

Morse invented the telegraph in 1836. It was put into use in the East in 1844 from Baltimore to Washington D.C.. Since telegraphic messages travel over wires, it wasn't until 1861, when the transcontinental telegraph line was put into place from coast to coast, that the Pony Express was brought to an end.

In the early days of our nation, the only way to get to a distant place was to ride on a horse or in a wagon pulled by a horse, mule, or ox. The Western Expansion was accomplished using covered wagons, sometimes referred to as "prairie schooners." Families lived for months in covered wagons as they made the long and difficult trip to

Did You Know...

The first transcontinental telegraph line was completed October 24, 1861. This is an electrical system for sending messages by a code over wires.

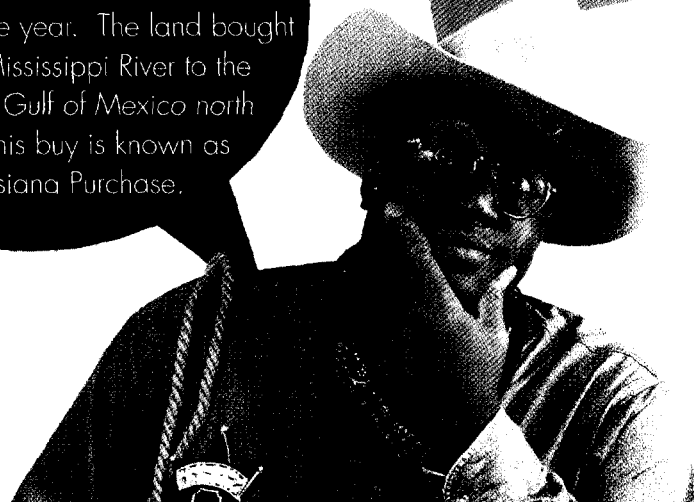

The West's favorite author, Mark Twain, who wrote Tom Sawyer and The Adventures of Huckleberry Finn, was born with the name Samuel Clemens. It wasn't until he moved to the West in 1861 at age 26 that he became known as Mark Twain.

In July of 1803, America purchased one million square miles from Napoleon of France for \$15,000,000, or \$15 per square mile! That is less than basketball's Michael Jordan makes in one year. The land bought went from the Mississippi River to the Rockies and the Gulf of Mexico north to Canada. This buy is known as the Louisiana Purchase.

It wasn't until 1869 that the intercontinental railroad was established. Tracks slowly made their way toward each other from each coast. A special gold spike was used to connect them when the tracks came together in Utah.

Before the Pony Express started in 1860, mail was carried across the country by passenger-carrying stage coaches. To speed things up, riders raced across the land, switching horses along the way, to reduce delivery time by two weeks.

CHOW TIME

FRUIT LEATHERS

INGREDIENTS:

- one banana, one cup strawberries, one tablespoon sugar or honey, water

EQUIPMENT:

- saucepan, cookie sheet, plastic wrap, cheesecloth, fork, wooden spoon

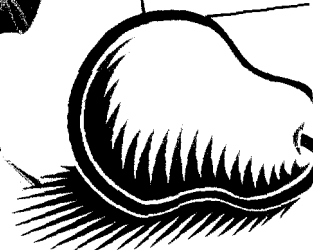

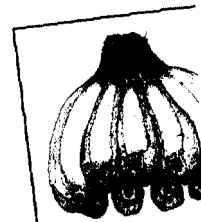

DIRECTIONS:

- With a fork, mash the banana and strawberries together in the saucepan. Add the sugar.
- Cook over low heat and stir constantly with the wooden spoon.
- To prevent sticking, add water as needed.
- Mixture is done when it reaches the consistency of apple butter.
- Cool the pulp. Spread it in 1/4" thick strips over the plastic-lined cookie sheet.
- Cover with cheesecloth and air dry for one to two weeks.
- Carefully pull the fruit away from plastic wrap.
- Place on a wire rack or oven rack to allow other side to dry.
- Experiment with other fruit combinations—pear and nectarine or apple and raspberry, for example.

**I hope you're h
for some might
Remember...ALWAYS**

TAKE THESE GREAT
SNACKS WITH YOU
ANYWHERE. THEY'LL K
YOU HEALTHY, COWBOY

DRIED FRUIT

INGREDIENTS:

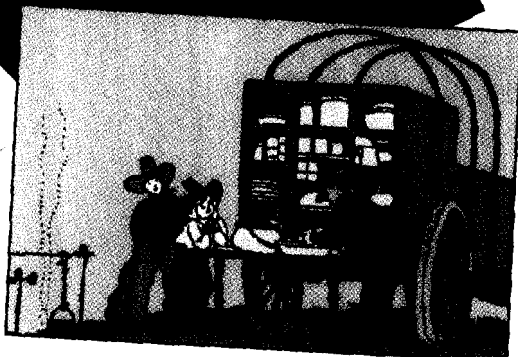

- any fruit (berries and plums may be left whole)

EQUIPMENT:

- oven, wire mesh or screen, paring knife

DIRECTIONS:

- Place wire mesh on top of the oven rack.
- Cut, core and peel the fruit. Arrange slices on the mesh.
- Heat the oven on low. Leave the door ajar.
- Fruit is done when it feels leathery and dry but still moist inside.
- To dry fruit outdoors, suspend the mesh between bricks to allow air to circulate. Cover the fruit with cheesecloth to keep out insects.

WITH FRONTIER FOOD

urry, cowboy, 'cause we got fixin's here
y ne vittles.

adult supervision while cooking.

CHEESE

INGREDIENTS:

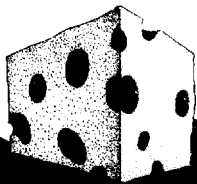

- one quart of milk, juice of one lemon

EQUIPMENT:

- saucepan, strainer, cheesecloth

DIRECTIONS:

- Pour milk into the pan. Cook on medium setting until it just begins to boil.
- Remove from heat and add lemon juice. Observe the milk as it begins to separate into curds and whey.
- Pour the mixture into a strainer to catch all the curds.
- Empty the strainer onto a cheesecloth, form a ball, and twist to squeeze out all moisture.
- Chill. Add some salt if it's too bland. Spread the cheese on crackers.

THESE DAIRY
DELIGHTS
REMINDE ME
OF MY GREAT
GRANDMOTHER.

HOMEMADE BUTTER

INGREDIENTS:

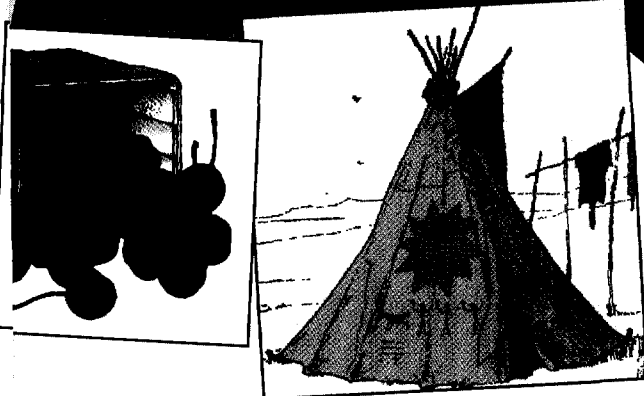

- heavy whipping cream

EQUIPMENT:

- tablespoon, empty and clean margarine tub or baby food jar

DIRECTIONS:

- Pour two tablespoons of heavy whipping cream into container.
- Attach the lid and shake vigorously (use both hands if using a margarine tub for the container).
- After a few minutes, a solid lump of butter will be formed. Mix the butter with a little bit of honey, if desired.

Note: More frontier recipes can be found in The Little House Cookbook by Barbara Walker (Harper and Row, 1979).

That's good grub!!!

The Science of

OZ

Follow the yellow brick road into the magical and scientific world of THE WIZARD OF OZ at Discovery Place!

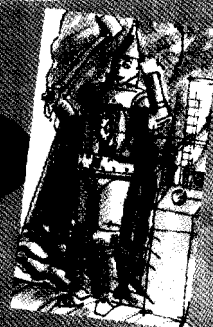

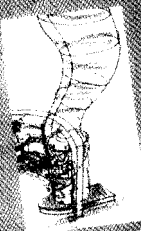

Step into a tornado and feel the sensation of 100 m.p.h. cyclonic winds whirling around you!

Make your own rainbow in a simulated rainshower.

Follow the yellow brick road and see where it leads you.

Gaze into the witch's crystal ball and see the secrets of Oz revealed.

Race the Tin Man's heart! Use a hand pump to imitate the human heart pumping blood through the human body.

Experience the excitement at this unforgettable event June 7th, 1997 to August 5th, 1997.

SUMMER IS COMING...

Time to enjoy the beautiful outdoors!
See if you can pick out the correct word that fits in the blank on each of these Summer Safety Tips!

1) Summertime's perfect for long bike rides. Remember, always wear a

(Turtle, Peanut Butter, Bike Helmet)

2) Always check the playground equipment before playing with it so you do not get

(Burned, Tickled, Scared)

When it's sunny, the equipment can get dangerously hot!

3) Drink lots of

(Coffee, Water, Cough Medicine)

When it's hot, your body can get dehydrated very quickly, so carry a water bottle if you will be away from a faucet.

4) Never

alone. (Read, Hike, Eat) Grab a friend and always tell an adult your hiking route.

1. Bike Helmet 2. Burned 3. Water 4. Hike

Education Week 1997 at Paramount's Carowinds

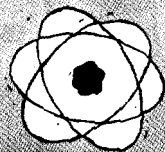

Tuesday-Friday, May 20-23

Tuesday, May 20:

Performing Arts Day

Go behind the scenes and uncover the magic of the theater through a series of workshops on lighting, sound, improvisation, make-up and movement. Plus, park performers and special guests will be available to answer a variety of questions on performing.

Wednesday and Thursday, May 21 and 22: Math, Science and Physics Days

Students will be intrigued, challenged, and delighted by the variety of ways these complex subjects can be demonstrated. The two days are packed with highly interactive events, like the exciting new Quiz Bowl and the waterslide building contest.

Friday, May 23: Fitness Day

Look at how all aspects of fitness like cardiovascular endurance, nutrition and muscular strength are demonstrated with fun, non-competitive activities for all ages. Also, get inspired by physically-challenged athletes and learn about their mental and physical preparation.

The Cowboy Code of Conduct

1. ALWAYS KEEP YOUR WORD
A cowboy's word is as good as gold!

2. BE KIND AND RESPECTFUL TO OTHERS.
Be understanding to those who are different. Never take anything without asking. Remember, you need to be a friend to have a friend.

3. LISTEN TO YOUR PARENTS AND TEACHERS.
They are older and wiser and have very important things to say. And remember, always use "Please" and "Thank you".

4. MAKE A DIFFERENCE.

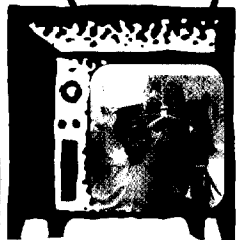

Look around you...think about ways that you could help make your community a better place. For example, help your parents around the house, help a friend in need, or volunteer with an organization that's helping to feed the hungry.

5. TAKE CARE OF MOTHER EARTH.

We only have one earth, so we need to take precious care of it. For example:

- Pick up trash.
- Conserve. Never use more water than you need. Always turn off the faucet while brushing your teeth and washing your hair.
- Recycle and re-use. For example, recycle glass, plastic and aluminum. Re-use shopping and lunch bags.
- Hug a tree!

STUFF SUMMER IS SWEET

IN YOUR STUFF, FROM OUR LAST ISSUE OF STV MAGAZINE, WE ASKED OUR MEMBERS TO TELL US WHAT THEIR FAVORITE SUMMER VACATION WOULD BE. WE RECEIVED SOME GREAT IDEAS...

"My favorite summer vacation is the beach because I love to swim in the water. I love swimming because it's warm. We're going to the beach in the summer and then my whole family can swim."

Jackie Sitathamavang, Belmont

"I would like to go to Fighter Town, USA. I would like to get on an aircraft carrier. I would meet some of the pilots that fly the F-14 Tomcat. They could tell me about the F-14 Tomcat, and the F/A-18 Hornet, too."

Josh Munn, China Grove

"My favorite vacation would be to go to Australia. I have never been anywhere exotic or far away in my life. In geography class, we study about different places in the world. Australia seems to be the neatest."

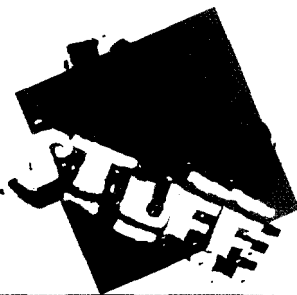

Katherine Davis, Kershaw, SC

"Well, my favorite summer vacation is a hot day that I can walk barefooted and I want it to be so warm that I can go swimming."

Latoya Shippy, Gaffney

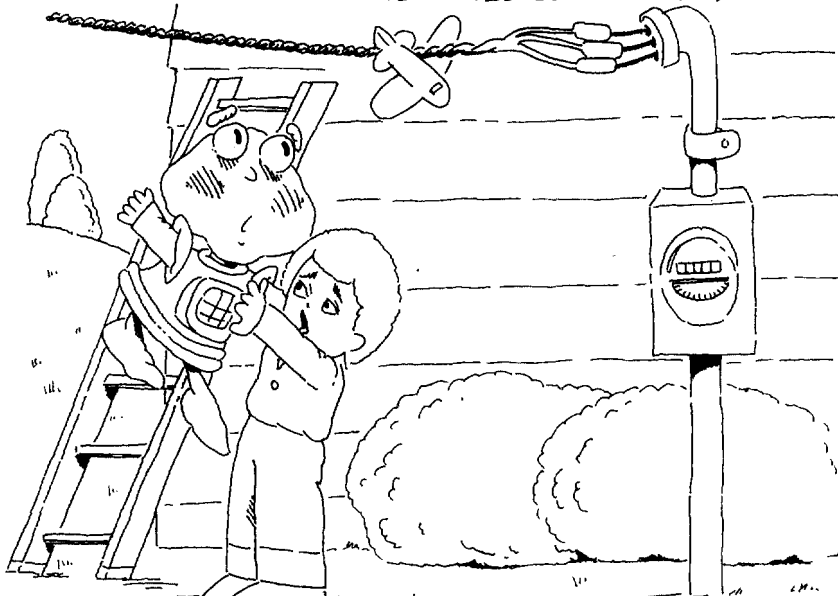

"My favorite summer vacation would be riding my bike sometime and going to play with Mickey Mouse, Daffy Duck and all the rest of the cartoon people. And after that, I would like to have lots of tokens for Chuck E. Cheese so I could win a lot of toys, and then I would like a Nintendo game on my TV."

Travis Smith, Charlotte

BILLY SAYS, "COLOR ZAX SAFE AROUND OVERHEAD LINES!"

NEVER CLIMB LADDERS NEAR POWER LINES!

Electricity is very useful to us—it makes our lives more comfortable and enjoyable in lots of ways. It lights and cools our homes, helps cook our meals, and cleans our clothes. It runs appliances that help us do our work more quickly and easily—so we can enjoy our TVs, VCRs, video games, and computers.

But electricity can be dangerous if it is not used properly. Always stay away from overhead power lines!
